

General Volunteer's Profile:

1. Proactive

Life is too short to be glued to your bed. A volunteer must be aware that they are going to be on the move all the time, they are going to give ideas and propose solutions, thus they will achieve their objective and provide help in different areas.

2. Values

Being responsible, honest, tolerant, autonomous, are values that you should have when you start volunteering on your own. It is important to understand that you will step out of your comfort zone and have a different experience elsewhere.

3. Awareness

Understanding the environment and the problems facing the community will help you deal with various situations. Being aware of the differences and doing things with love will certainly enhance your experience.

4. Empathy

We are all different, we have different customs, cultures and languages. As a volunteer you must be clear about this, not judge, put yourself in the other's shoes and see their points of view, this will nurture you and you will be able to acquire different perceptions.

5. Courage

It is a new experience, we understand that you are afraid of doing it, but taking that leap will contribute to your personal and professional growth.

If you want to be part of the TEAM of "MAMA CLEO'S BOY'S HOME AC." You will be welcome as long as your profile aligns with the needs of the place and you must commit and be constant on the days that you want to support.

You must bring the following physical data to have a volunteer file:

- Children's color photography.
- Copy of your Identification.

Finally, you will sign this document as proof that you are part of the Team and that you accept the conditions of the place.
